Sloan K. Childers

Dear Mr. Childers:

Welcome to membership in the American Numismatic Association, and best wishes for a long and happy membership.

We are enclosing the National Coin Week information, and hope that you will consider undertaking a few Coin Week activities and the submission of a report of these, so that they may be counted in the record right from the start of your membership. Up to 5 awards will be given to individual ANA members that participate in Coin Week from outside the U.S., and each member or club that makes up and submits a report will be entitled to a Certificate of Award.

If you have questions or suggestions, please don't hesitate to let us know.

Sincerely yours,

Rick & Virginia Bronson
